

KentixONE - Getting Started Part 7: Adding Rack Lock RA4 and Network Wall Reader

This video shows the procedure for adding wired RackLocks RA4 and wall readers (DoorLock WAx).

Before installing wall readers, please read the instructions in the operating manual for wall readers of the latest generation "Version 2", as the procedure for commissioning two devices on one satellite has changed compared to Version 1 devices.

<https://docs.kentix.com/en/article-categories/network-wall-readers/>

The operation of devices of two versions on one satellite is not possible.
